

NEW YORK RISING

Smith Hill Creek (Wallace Road) Stormwater Management System
First Public Meeting
Delta Project #2015.391.001

The Town of Chenango is progressing on a federally funded project to construct improvements related to the flow of and along Smith Hill Creek, and also storm water management in the Wallace Road area. Construction of this project is anticipated to be in late summer / early fall of the 2016 construction season.

The purpose of this flyer is to make you aware of the first public information meeting for the project, scheduled for Monday, March 21st at 7:00 pm. The tentative agenda for the project:

- Consultant design team introduction
- Overview of the study area along Smith Hill Creek and Wallace Road
- Initial findings related to the study area:
 - Watershed area
 - Stream capacity
 - Capacity of the culverts along stream
- Preliminary thoughts on possible solutions to mitigate the flooding
- Question and answers

If you have any questions or concerns, please do not hesitate to contact Chris Maby – Project Manager for Delta Engineers – at 607-231-6625 or by email at cmaby@delta-eas.com. We will continue to keep you informed throughout the development of this project.
